

Restrictions of the school version

WSCAD ELECTRIX Education

The functionality of the school version WSCAD ELECTRIX Education is equal to the WSCAD ELECTRIX Ultimate with the Add-Ons Project Wizard and User Rights.

Please note the following restrictions:

- The delivery occurs exclusively via the Internet.
- Internet access is mandatory for the installation.
- WSCAD ELECTRIX Education works with its own file format.
- Plans created with WSCAD ELECTRIX Education are not readable in the licensed version.
- WSCAD ELECTRIX Education can edit drawings of a licensed version, but the drawings will then be unusable for licensed versions.
- WSCAD ELECTRIX Education is limited to a maximum term of 24 months.
- It is not possible to use WSCAD ELECTRIX Education in a virtual environment (virtual machine).
- The file export to DXF/DWG is not possible.
- No transfer of data to manufacturing interfaces such as Steinhauer, Kiesling and CadCabel.
- No export of lists/reports to Excel, Access or ASCII.
- The lettering "Education" appears on the PDF and print output when using the export function.
