## WSCAD SUITE Education

The tool for multidisciplinary engineering in the disciplines: electrical engineering, cabinet engineering, fluid engineering, P&ID, building automation and electrical installation.

**Price: free**

Delivery will be made via email (download link + product key).

The following agreement is concluded for this purpose:

- The WSCAD SUITE Education Ultimate corresponds, with limited functionality (see page 2), to the full version WSCAD SUITE Ultimate with the Add-Ons Project Wizard, User Rights and P&ID - with a **12 months term**.
- The contractor agrees to use the program **exclusively** for **non-commercial** educational purposes (teaching, theses, term papers, exam preparation). In particular, the transfer and the sale of the program without the permission of WSCAD electronic GmbH are prohibited.
- The WSCAD SUITE Education Ultimate version does not include access to the hotline, support or a warranty.
- An Internet connection is mandatory for the installation. Please refer to the installation instructions.
- With the signature below, the contractor confirms that he or she has noted the accompanying **restrictions/requirements** of WSCAD SUITE Education Ultimate.

## Restrictions of the Academic Version

### **WSCAD SUITE Education Ultimate**

The academic version corresponds to the functionality of

*WSCAD SUITE Ultimate with the Add-Ons Project Wizard, User Rights and P&ID*

but with the following restrictions:

- The software delivery is only possible via the Internet.
- An Internet connection is required for and during the installation.
- **WSCAD SUITE Education Ultimate** has its own file format.
- Plans created with **WSCAD SUITE Education Ultimate** cannot be read with the licensed version.
- **WSCAD SUITE Education Ultimate** can be used to edit drawings of a licensed version, but the drawings will then be unusable with licensed versions.
- **WSCAD SUITE Education Ultimate** is limited to a maximum duration of 12 months.
- **WSCAD SUITE Education Ultimate** cannot be run in a virtual environment (virtual machine).
- The file export to DXF/DWG is not possible.
- No transfer of data to manufacturing interfaces such as Steinhauer, Kiesling and CadCabel is possible.
- No output of lists/reports to Excel, Access or ASCII is possible.
- The word "Education" appears on all PDFs and printouts when using the Export function.
